PAN EUROPEAN GAMES INFORMATION (PEGI) AGE RATING SYSTEM

The PEGI age rating system protects minors from games unsuitable for their particular age group. PLEASE NOTE: it is not a guide to gaming difficulty.

Comprising two parts, PEGI allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. The first part is an age rating:-

The second is icons indicating the type of content in the game. Depending on the game, there may be a number of such icons. The age rating of the game reflects the intensity of this content. The icons are:-

VIOLENCE | BAD LANGUAGE | FEAR | SEXUAL CONTENT | DRUGS | DISCRIMINATION | GAMBLING

The third part is an icon indicating the game can be played online. This icon may be used only by online game providers who have committed to uphold standards which include the protection of minors in online gameplay:-

SYSTEM SOFTWARE-UPDATES

This PSP™ (PlayStation®Portable) Game includes System Software update data for the PSP™ system. An update will be required if an "update request" message is displayed on-screen at game start-up.

Performing a System Software update

The update data is displayed with the icon shown here on the Home Menu.

By following the on-screen instructions, you can update the System Software of the PSP™ system. Before performing the update, check the version number of the update data.

- **During an update, do not remove the AC Adaptor.**
- **During an update, do not turn off the power or remove the PSP™Game.**
- **Do not cancel the update before completion as this may cause damage to the PSP™ system.**

Checking that the update was successful

Select "Settings" from the Home Menu, and then select the "System Settings" option. Select "System Information" and if the "System Software" version number displayed on-screen matches the version number of the update data, then the update was successful.

For details on System Software updates for the PSP™ system, refer to the following website: **eu.playstation.com**

PARENTAL CONTROL

This PSP™Game software has a preset Parental Control Level based on its content. You can set the Parental Control Level on the PSP™ system to restrict the playback of a PSP™Game with a Parental Control Level that is higher than the level set on the PSP™ system. For more information, please refer to thePSP™ system Instruction Manual.

This game is classified according to the PEGI rating system. The PEGI rating marks and content descriptors are displayed on the game package (except where, by law, another rating system applies). The relationship between the PEGI rating system and the Parental Control Level is as follows:

PARENTAL CONTROL LEVEL	PEGI RATING AGE GROUP
9	18+
7	16+
5	12+
3	7+
2	3+

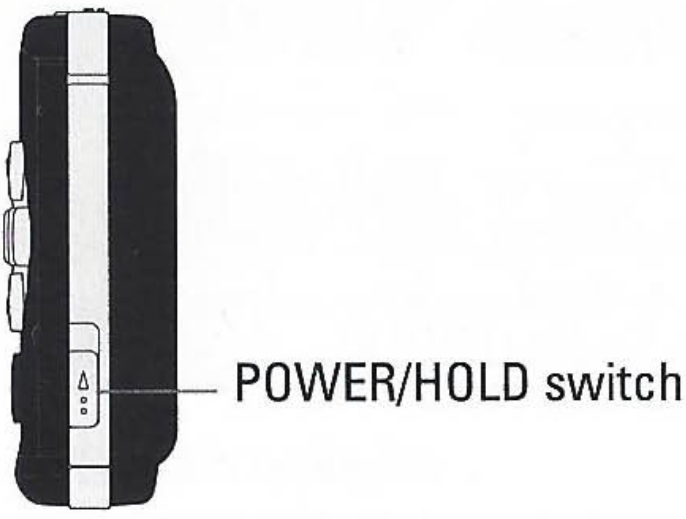
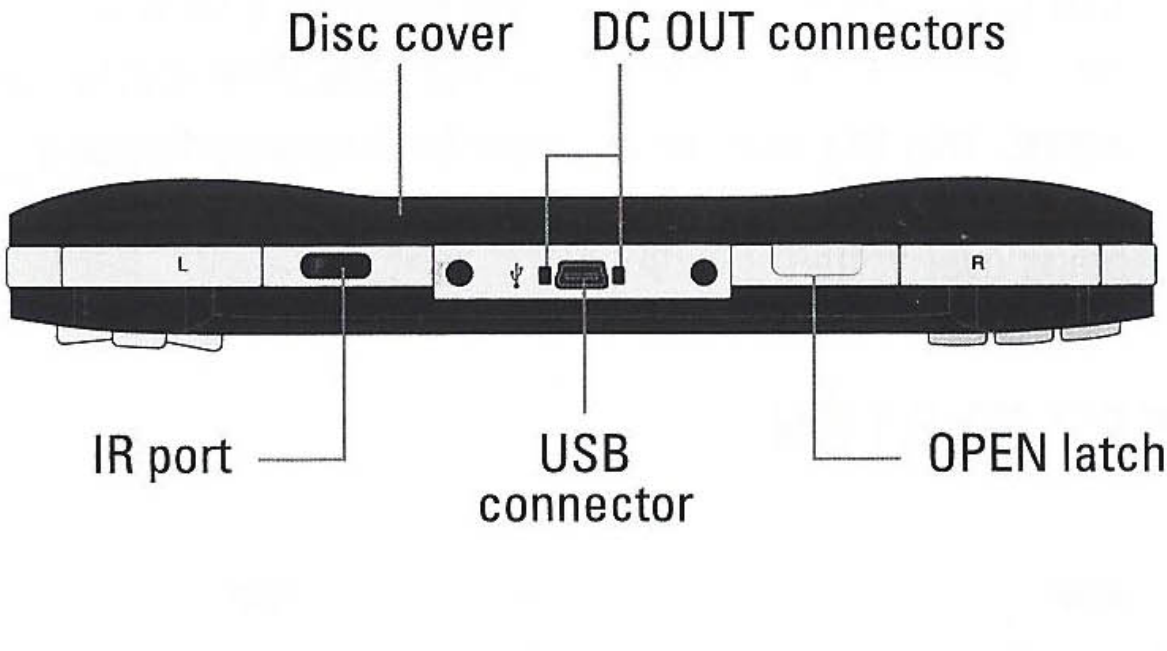
STARTING THE GAME

RIGHT SIDE VIEW



TOP VIEW



1. Set up your PSP™ (PlayStation®Portable) according to the instructions in the PSP™ system Instruction Manual.
2. Turn the PSP™ system on. The POWER indicator lights up in green and the Home Menu is displayed.
3. Press the OPEN latch to open the disc cover. Insert the *Tiger Woods PGA TOUR® 10* disc with the label facing the rear of the PSP™ system and then securely close the disc cover.
4. From the Home Menu, select the icon and then the icon. A thumbnail for the software is displayed. Select the thumbnail and press the × button to start the software.
5. Follow the on-screen instructions and refer to this manual for information on using the software.

NOTE: Do not eject a PSP™Game disc while it is playing.

MEMORY STICK DUO™

Warning! Keep the Memory Stick Duo™ out of reach of small children, as the Memory Stick Duo™ could be swallowed by accident.

Warning! Do not push the POWER/HOLD Switch whilst data is being uploaded from the PSP™Game disc as this may cause data corruption.

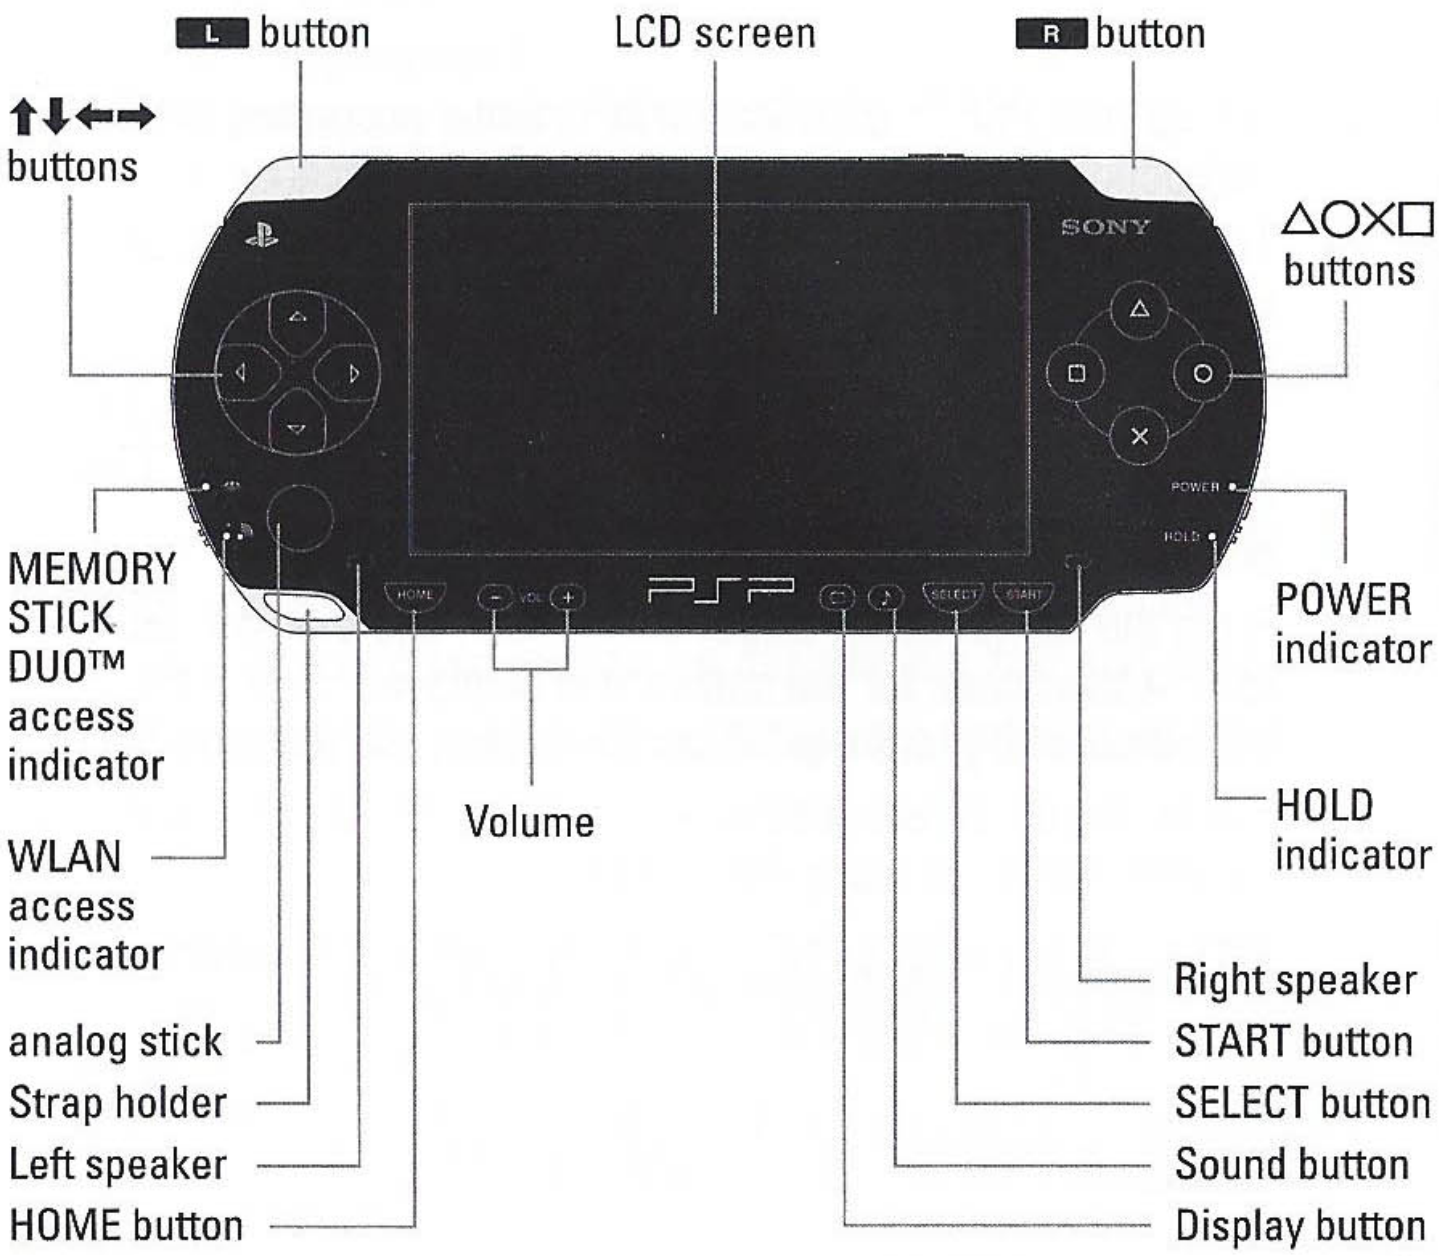
This title uses an autoload feature on boot up where any data present on the Memory Stick Duo™ will be autoloaded.

To save game settings and progress, insert a Memory Stick Duo™ into the Memory Stick Duo™ slot of your system. You can load saved game data from the same Memory Stick Duo™ or any Memory Stick Duo™ containing previously saved games.

NOTE: Make sure there is enough free space on your Memory Stick Duo™ before commencing play.

NOTE: This title uses an autosave feature. Insertion of a Memory Stick Duo™ after boot up may result in data being overwritten.

PSP™ SYSTEM



WIRELESS (WLAN) FEATURES

Software titles that support Wireless (WLAN) functionality allow the user to communicate with other PSP™ systems, download data and compete against other users via connection to a Wireless Local Area Network (WLAN).

AD HOC MODE

Ad Hoc Mode is a Wireless (WLAN) feature that allows two or more individual PSP™ systems to communicate directly with each other.

GAME SHARING

Some software titles feature Game Sharing facilities which enable the user to share specific game features with other users who do not have a PSP™Game in their PSP™ system.

INFRASTRUCTURE MODE

Infrastructure Mode is a Wireless (WLAN) feature that allows the PSP™ system to link to a network via a Wireless (WLAN) Access Point (a device used to connect to a Wireless network). In order to access Infrastructure Mode features, several additional items are required, including a subscription to an Internet Service Provider, a network device (e.g. a Wireless ADSL Router), a Wireless (WLAN) Access Point and a PC. For further information and setting up details, please refer to the PSP™ system Instruction Manual.

COMPLETE CONTROLS

Master the controls and compete in 15 championship venues, including three new courses: Banff Springs, Bethpage Black, and the Gary Player Country Club (GPCC) at Sun City. Accept the challenge of playing against the best golfers in the PGA TOUR®, including Tiger Woods himself. Everyone plays. Anyone can win! It's *Tiger Woods PGA TOUR 10!*

SWING STYLES

Tiger Woods PGA TOUR 10 features two sets of swing styles for you to choose and use to put you on the leaderboard and on top of the PGA TOUR. The Analog swing style enables you to hit the ball with more power than the 2/3 Click controls, but remember: power is nothing without precision.

Try the two different swing styles to find the one that suits you the most. And don't limit the number of swing styles to just one when you're on the course! Use different swing styles for particular shot types and situations.

NEW SWING PATH INDICATOR

The accuracy of your swing will only improve with the all-new Swing Path indicator. Use it to follow the shot you've just made and the angle at which the club was swung when it struck the ball.

With the help of the Swing Path indicator, fine tune your swing and tell the competition you never slice.

COMPLETE CONTROLS (CONT'D)

2/3 CLICK CONTROLS

The easy to use 2/3 Click swing style allows anybody to dominate the competition like Tiger Woods. Unlike the Analog control system, the swing is controlled simply by timing your button presses to set power and direction as you please.

Use these control sequences to grip and rip!

2-CLICK CONTROLS

1. To start backswing, press the ⊗ button.
2. Stop the power meter to set swing power and hit the ball by pressing the ⊗ button again.

3-CLICK CONTROLS

1. To start backswing, press the ⊗ button.
2. Stop the power meter to set swing power and activate draw/fade option by pressing the ◎ button.

To strike the ball, stop the power meter inside the draw/fade zone by pressing the ◎ button again.

ANALOG SWING CONTROLS

1. To hit a straight shot, move the analog stick ↓ to set your power and move the analog stick ↑ to strike the ball.
2. To draw/fade the shot, move the analog stick ↙/↘ and move it in the opposite direction you first moved the analog stick.

NOTE: To cycle the camera's view, press the ⊗ button and hold it if you wish to raise the camera.

NEW SHOT ANALYZER

Some golfers pay a fortune for coaches and self-help guides to identify what is going right or wrong with their swing. With the all-new Shot Analyzer, you don't have to pay a dime to get some needed help with your shot. Receive feedback in real time to immediately see where your swing needs fine tuning. A little tutelage from the Shot Analyzer can only help you on the fairways, not to mention getting more in tune with the Analog controls.

CLUB SELECTION AND SHOT TYPE

Choose your club based on each situation, and keep in mind that the default club selection may not always be your best choice. Consider clubbing down if the club's potential power is more than the distance of the shot and don't be afraid to use an iron off the tee when you need more precision than power. Similarly, your shot type should be selected based on your current circumstance.

SHOT TYPES

Chip	A useful shot when you are too far away for the putter. The maximum distance for a chip shot is 43 yards.
Pitch	Places the ball on the green with minimal roll from up to 50 yards away.
Flop	With a higher trajectory and less roll, this wedge shot has a maximum distance of 46 yards. Use it to fly over obstacles or to stick the ball on the green.
Fade	The ball curves left-to-right while in flight, for a right-handed player (and right-to-left for a left-handed golfer).
Draw	The opposite of a fading your shot. This time, the ball curves right-to-left for a right-handed player (and left-to-right for a left-handed player).
Full	Set up a full swing with the selected club.
Punch	A low-trajectory shot to minimize the effects of wind, or to shoot from under tree cover.
Putt	When on the green, you putt the ball along the ground to the cup. The maximum putting distance is 120 feet.

LIE

Even Tiger Woods finds himself in deep rough or a sand trap every now and then. What makes him great is his ability to recover from such lies and save par (or better). You too can hit your way out of a tough spot by making sure you check the current lie before shooting. The lie percentage indicates the amount of power that your shot is likely to achieve from the current ball position. If your ball is buried more than half way, you'll want to use much more club than you normally would.

CHIPPING

When you're just off the green, a chip shot may be your best option. Adjust the targeting marker based on the distance to the cup and the undulation of the green, and then chip away.

PUTTING

READING THE GREEN

Use the green grid to determine the slope and speed of the green. The faster the beads move on the grid, the faster your ball will roll. If the grid is red, the slope is uphill. If the grid is blue, the slope is downhill. Plan to use extra power for uphill putts and a little less power when putting downhill.

Use the special cameras to get the optimum view of your putting line before you attempt your real putt. The Ideal Putt camera shows you a red line indicating the best path for a ball to travel from your putter to the hole. Adjust the direction and power of your putt accordingly to improve your chances of making it.

> **NOTE:** The maximum putting power is determined by the location of the targeting marker. Need to apply some extra oomph on your putt? Press the **R** button as you pull back your putter.

SWING METER

The swing meter estimates the distance you will hit based on the amount of power in your swing. The green line indicates approximately the distance of the target marker.

> **NOTE:** The distances shown do not account for wind, lie, or elevation. Use the swing meter only as a basic gauge as you develop a feel for these factors and the game in general.

PLAYING THE GAME

Play by yourself, against your friends, or take on pro players from 8 different countries—including South Africa's Retief Goosen, Colombia's Camilo Villegas, Fiji's Vijay Singh, and England's Luke Donald. Courses include St Andrews in Scotland, GPCC at Sun City in South Africa, and Pebble Beach® and Bethpage Black in the United States.

Providing the lucid and pleasant commentary describing the action is none other than seasoned golf commentators, Kelly Tilghman and Scott Van Pelt.

Stroke Play The most basic round of golf, every stroke counts and the player with the lowest total at the end of the round wins.

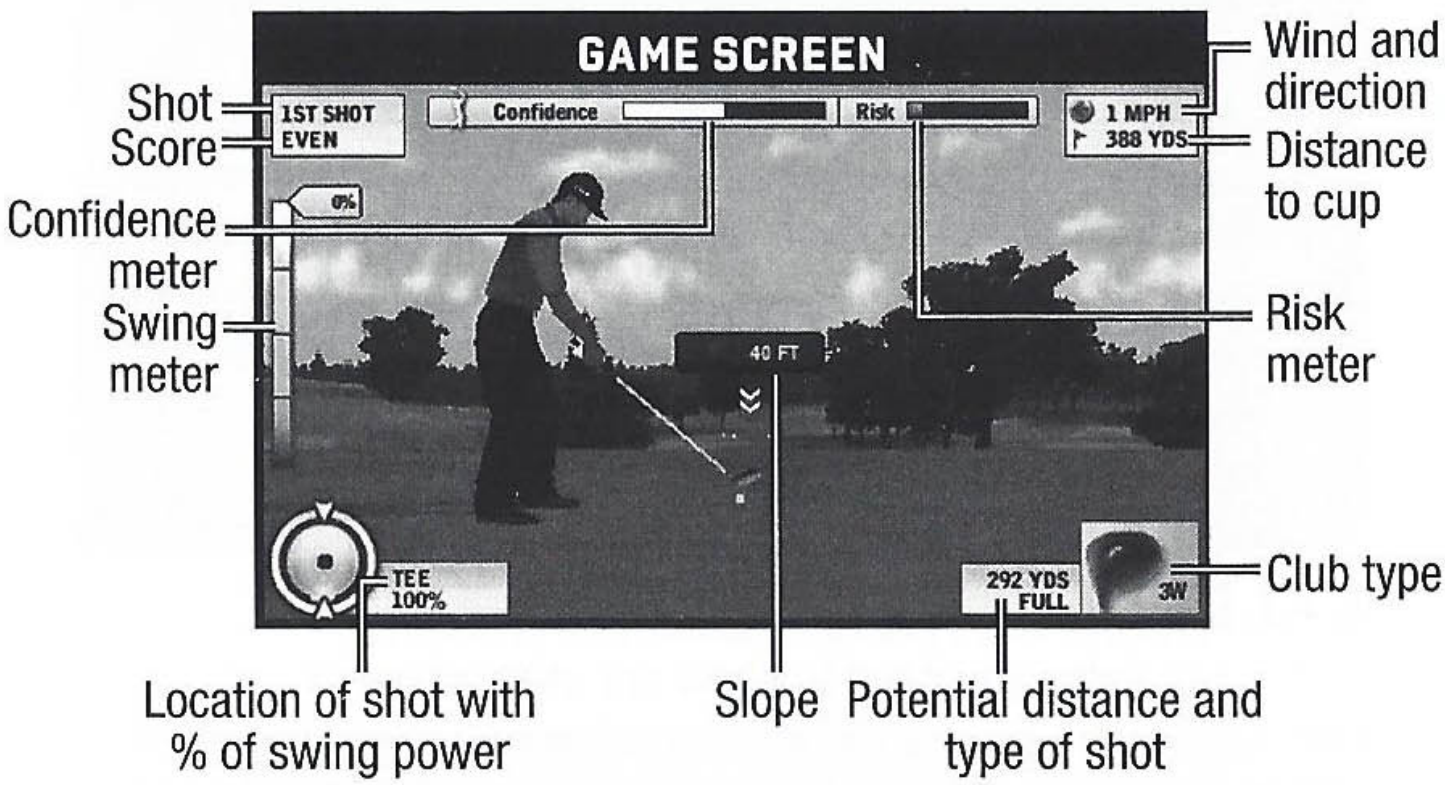
Match Play Go head-to-head with your opponent on every hole in Match Play. The player who wins the most holes wins.

Stableford The game is based on a system of points determined by your score on the hole: double eagle (8 pts.), eagle (5 pts.), birdie (2 pts.), par (0 pts.), bogey (-1 pts.), double bogey or worse (-3 pts.).

Skins Every hole has a monetary value, and the player with the lowest score on the hole takes the cash. In the event of a tie, the money carries over to the next hole, sweetening the pot.

NEW DRIVING RANGE

If you need to iron out the kinks in your swing or your confidence could use a little boost, then take advantage of the all-new Driving Range feature. Knock off the rust or get accustomed to how a great drive feels as opposed to a not-so-great one. The Driving Range offers the perfect opportunity to make necessary adjustments to your swing, without the scrutiny of fellow golfers, the media, and galleries.



CONFIDENCE

Accumulate Confidence points as you play and, once your Confidence meter is full, boost your abilities in driving, putting, chipping, and more as you elevate your game to the very next level. Keeping the ball in play, avoiding all hazards, reaching the green in regulation (GIR), and completing the hole with a score of par or better will boost your Confidence even more.

GAME MODES

Begin your career in the PGA TOUR by taking on the world's best in pressure-packed tournaments.

PGA TOUR® CAREER

Set off on your professional career with the PGA TOUR Career mode. Enter the TOUR as a rookie, and build your reputation by making the cut in each competition and finishing high on the leaderboard. Your goal is to earn as much prize money as possible, take on Tiger Woods in a head-to-head battle for the accolade of the world's best golfer, and eventually succeed in capturing the FedExCup.

Before turning pro, you must first select a User Profile and create a unique golfer (See *Game Face and Pro Shop* on p. 17) before playing if you haven't already done so.

NEW BROADCAST FEATURE

Get closer to the action than ever before, thanks to an all-new broadcast style you see and hear. Receive up-to-the-minute updates of events happening all around you with the new ticker and widget. Feel like a pro with sophisticated introductions to tournaments and crowd reactions to shots happening around the field. Kelly Tilghman, Scott Van Pelt, and the roar of the crowd quickly bring you up to speed as to how many strokes you are ahead, or how many you need to make in order to overtake those on the leaderboard.

CALENDAR

All the key dates you need to know are marked on your calendar—from necessary practice sessions to key challenges and tournaments. The list of events in the PGA TOUR Career mode are a mixture of real events from the previous year and fictional events, such as the Classic Invitational, and each follows the PGA TOUR format—one to four rounds are played at each course, with some tournaments including a cut of rounds eliminating the weakest players. The cut and purse rules used for each round are determined by the course difficulty and weather conditions.

FEDEXCUP

A season-long points system ranks the golfers, and the top 30 at season's end are eligible to play in four playoff tournaments in September. The player with the most playoff points after the fourth tournament, The TOUR Championship®, will be awarded the FedExCup and a large cash bonus.

To stay in the top 30, you have to earn FedExCup Points, which are awarded after each tournament along with prestige points—used to determine your popularity on TOUR—and cash prizes. The higher you place, the more you win, and as long as you make the cut you receive points and cash for your efforts.

As you start performing well in tournaments and mid-week challenges, you may impress a sponsor and receive the perks of a pro who excels on the TOUR (See *Hints and Tips* on p. 18).

Pro Shop Head into the Pro Shop to upgrade everything from your attributes to your apparel and equipment by pressing the ▣ button. Apply your My Skills points after each round.

Journal Press the ◉ button to access your Journal, which tracks your FedExCup Points, wins, trophies, milestones, and events you haven't played yet. View the timeline after each season to see how your career is progressing and to ensure you are on target.

Scrapbook Now you can save and share your best moments on the golf course. Save your top shots to your Memory Stick Duo and view the images later in the system software. You can also upload them to a computer and trade your scrapbook photos with friends.

YOUR TOUR® CARD

Your TOUR Card, which contains your photo, name, and earnings, appear at the top left corner of the screen. Under that is your prestige level, which starts at zero and goes up to five stars.

MY SKILLS

When you start off with your newly created player, you have a base amount of points that you can allocate to improve certain skills. You can allocate all of your points to one skill, for example putting, or spread them amongst a couple of different skills. As you progress through your career, you gain points for playing well in competitions which can then be applied to My Skills.

If you have been hitting the ball very accurately during a round or a skills challenge, you will receive a number of accuracy bonus points. After the round, go to My Skills in the Pro Shop and apply

the points. If the number of points left in your skills is not enough to apply to any of the next levels, they remain as general skills points to be used after your next round.

NEW TOURNAMENT CHALLENGE

If you ever thought you were as good as or better than the pros, then the all-new Tournament Challenge is your chance to prove it. Nine famed courses that featured legendary feats, previously achieved by TOUR pros such as Vijay Singh, Jim Furyk and—of course—Tiger Woods lay in wait for you. Each course presents three scenarios that are actual accomplishments of pros, and your challenge is to either match the performance or somehow best it.

To begin your Tournament Challenge, begin with a bronze challenge. Completing bronze challenges unlocks silver challenges, and meeting silver challenges unlocks gold challenges. As you conquer challenges, more courses and their respective challenges are unlocked.

So you think it's easy to score, say, 1-under par on all par-3 holes in Pebble Beach? If so, then the Tournament Challenge is for you.

MINI GAMES

Take a break from the links with three pulse-racing mini games. The pressure mounts as the clock starts to tick!

Driving Frenzy Tee off on the ball in rapid fashion as you attempt to pocket some serious cash by hitting targets on the driving range. Reap money rewards and advance from one level to the next by meeting each level's minimum score. If you've hit the minimum score with time left on the clock, then the targets' values will multiply. Fore!

Putting Frenzy There's a saying that golfers drive for show and putt for dough, and—in Putting Frenzy—no truer words have ever been uttered. With a minute on the clock, sink your putts that increase in distance and difficulty, and see if your short game is enough to advance to the next round.

Mental Games Mental games are what can make golf great or just a good walk spoiled. Whether it's maintaining a healthy heart rate, golf ball juggling, or finding your fans in the gallery, mental games make you tune out distractions that would otherwise affect your performance on the course.

MULTIPLAYER MODE

REGISTRATION REQUIRED TO ACCESS ONLINE FEATURES. EA ONLINE TERMS & CONDITIONS AND FEATURE UPDATES ARE FOUND AT WWW.EA.COM. YOU MUST BE 13+ TO REGISTER WITH EA ONLINE.

EA MAY RETIRE ONLINE FEATURES AFTER 30 DAYS NOTICE POSTED ON WWW.EA.COM OR 30 DAYS AFTER THE LAST DAY OF THE 2009- 2010 SEASON.

EA MAY PROVIDE CERTAIN INCREMENTAL CONTENT AND/ OR UPDATES FOR NO ADDITIONAL CHARGE, IF AND WHEN AVAILABLE.

It doesn't matter if your opponents are in the same room or across the country because with the all-new Infrastructure mode and Ad Hoc mode, you can settle who the master of the links is once and for all.

INFRASTRUCTURE

Now you can take your created golfer online to take on competitors from all over the nation. Compete in three different modes of play—Stroke Play, Skins, or Match—or play in the arcade game, Bingo Bango Bongo!

Bingo Bango Bongo The player with the highest money total wins by achieving Bingo (longest fairway drive), Bango (first on the green), and Bongo (first in the hole). Players repeat each hole three times (up to six holes). The winner of the hole either removes a club from his opponent's bag or retrieves a club taken earlier by their opponent.

Don't forget to monitor the leaderboards to see who is on top of the online golfing world and talk golf with your friends via EA™ Messenger.

AD HOC MODE

Challenge your friends wirelessly from across the room to see who is the master of the links. Ad Hoc play allows players to go head-to-head on the same course featuring Stroke Play, Match Play, Stableford, Skins, and One Ball rules.

PLAYING BEHIND A FIREWALL OR ROUTER

This game uses the following network ports for playing online. If you are running a firewall, ensure it is set to allow the game to communicate on these ports both inbound and outbound:

TCP Ports: 80, 443, 13505, 25290

UDP Port: 3658

If you are having difficulty connecting to other players online and your Internet connection is behind a router using NAT (Network Address Translation), you may need to enable port forwarding on your router by forwarding all data on port UDP 3658 to the IP address of your router. Alternatively, you can put your Router into a DMZ—please consult your router help files for details on how to do this.

For more information on firewalls, port forwarding, and DMZs, please visit our online Support Centre at:
http://support.electronicarts.co.uk

NOTE: A WLAN access point is a device used to connect to a wireless network. SSID and WEP keys are types of wireless network information. They may be required when connecting to an access point or a router. This information is generally set in the access point or router using a PC.

NOTE: Connecting to the EA servers can take up to a minute.

MY PROFILE

Create or adjust your appearance, check out the latest clothing and equipment, admire your statistics, create your very own Dream 18 course, and manage your Player Profile.

GAME FACE AND PRO SHOP

Tweak your appearance and use some of those hard earned cash prizes to give your wardrobe and golf bag a boost by purchasing new shirts, pants, shoes, clubs, and other accessories. Maybe your new fashion statement and equipment will inspire you to play better. Win or lose, at least you'll look great in your spiffy new duds.

MY RESUME

Examine your statistics to see where you excel and where your game needs a little more attention. Use the statistics to see how your career is progressing on the PGA TOUR, as well as any milestones or trophy balls you may have earned. Finally, keep tabs on your Confidence and where it is robust or lacking.

DREAM 18

Turn your dream course into reality with the Dream 18. Design your fantasy course using your favorite, easiest, or challenging holes from all of the courses featured in *Tiger Woods PGA TOUR 10*. Only on your very own Dream 18 can you sink a putt in Pebble Beach and then address your tee shot in St Andrews on the very next hole.

OPTIONS

Review controls, customize game setup and difficulty, or adjust audio settings to suit your style of play. Select, load, save, and create new profiles.

EXTRAS

See what's new, get a look at the controls, receive some sound advice, and upload your own songs onto EA™ Trax via the EA™ Media Center.

HINTS AND TIPS

- Having trouble pulling off more difficult shots like a fade or draw? Try out the new Driving Range to practice all your shots until you perfect them. Then go back to the course and take that trophy.
- Want to gain money quickly in PGA TOUR? Make sure to perform at your best to get the chance to earn sponsorships. With each sponsorship you earn, you'll get paid to use and wear the company's gear with every win.
